

SEIZE-EX

Release agent and lubricant

Item no. 810 060 Aerosol can 60 ml

PRODUCT DESCRIPTION:

Seize-Ex is a spreadable paste with good adhesion properties. It protects against corrosion and provides lubrication under extreme pressure loads. It shows very good resistance to water, bases, acids, etc. and can be used together with all sealants. It also provides benefits when used in wet and dusty premises.

BENEFITS:

- reduces friction and wear
- resistant to salt water
- Temperature range from -180°C to +1200°C

APPLICATION AREA:

Seize-Ex is a lubricant with high temperature resistance that provides corrosion protection, and is applied prior to the assembly of parts, wheel hubs, screws, bolts, threads, flanges and seals. This ensures that the parts are not exposed to the risk of seizing up due to chemical or thermal influences. Disassembly can be performed without any problems or any loss of time.

PROPERTIES:

NLGI class: 1

Item no. 810 060 Item no. 810 400 Item no. 810 140

Item no. 810 300

Item no.	Contents	Container	Quantity
810 060	60 ml	Aerosol can	1 box (contains 60 cans)
810 400	400 ml	Aerosol can	1 box (contains 12 cans)
810 140	140 g	Brush can	1 box (contains 12 cans)
810 300	1000 g	Can	Single can
