

SLIDEX

Anti-friction agent and lubricant

Item no. 800 400 Aerosol can 400 ml

Item no. 800 400 Item no. 800 010 Item no. 800 025

Item no. 800 200

PRODUCT DESCRIPTION:

Slidex is a clear, liquid, synthetic antiseize agent and lubricant with excellent penetration properties. Slidex provides corrosion protection and suppresses stray and leakage currents thanks to its high electrical resistance. Free from silicone, wax and graphite.

APPLICATION AREA:

Slidex is used in all metal- and woodworking operations. It removes fresh resin and provides lasting protection against resin build-up. Slidex is also an oil-free antiseize agent for wood (can be stained and varnished). It is ideally suited to sawing, drilling and thread cutting on aluminium.

There is no need for cleaning as its use does not result in the formation of any oil residue.

BENEFITS:

- drives out moisture and forms a protective film
- forms a dry, non-greasy lubricant film
- Temperature range from -70°C to +240°C
- excellent for sawing and drilling aluminium
- oil-free and silicone-free

Item no.	Contents	Container	Quantity
