

VA18/65

Cavity protection

Item no. 015 001 Can 1 Lt.

Item no. 015 001 Item no. 015 010 Item no. 015 060

PRODUCT DESCRIPTION:

Light beige cavity protection for optimum rust protection in corrosion-prone areas. Long-term corrosion protection with excellent adhesive properties, displaces and repels moisture. Does not become brittle, does not drip even at warm temperatures and will show no hairline cracks. Stir well before use.

APPLICATION AREA:

Cavity Protection VA18/65 provides optimum corrosion protection in all corrosion-prone areas of car bodies and other metal constructions such as double sheet metal in car bodies, vehicle underbodies, cavities, rims, seams and surfaces.

BENEFITS:

- short drying time (approx. 2 hours)
- silicone-free
- wax-based
- low odour
- temperature range from -40°C to +150°C
- long-term protection even under extreme conditions
- can be stored for at least 3 years
- does not drip when warm
